

## Self-Assessment of Thematic Websites of PAs

The table displays the number of websites for each of the three possible outcomes of accessibility self-assessment. The website is considered "compliant" if no errors are detected, "partially compliant" if errors are less than 50% of the success criteria, and "non-compliant" if errors exceed 50% of the success criteria.

Monitoring period: 2024

Compliance status	Websites
partially-compliant	3,169
compliant	2,436
non-compliant	63
